Re: Letter of Recommendation – Sigma Air

To Whom It May Concern:

For over ten years, I have watched A. J. Imad build Sigma Air. We are now in the middle of our third project together. A. J. has proven to be an excellent businessman and an outstanding HVAC contractor. From his prompt and accurate proposals; to his thoroughness on his plan review and pre-con; to his ability to man and supply the projects, he has made Sigma Air one of our top tier subcontractors. His knowledge of his business has proven a real asset when dealing with the City issues. His attentiveness to the needs of the project and ability to work with the other trades and coordinate with the site superintendents has established him as a leader in the multifamily industry.

I feel confident in recommending Sigma Air on any apartment project that Mr. Imad elects to bid.

Feel free to contact me if you need any further information.

Sincerely,

GALAXY BUILDERS, LTD.
